Annual Membership Conference and Reunion

We are revamping our biennial Silver Caduceus Association Reunion into an Army Medical Service Corps Association annual membership conference and reunion, which will feature updates from our Corps Chief, professional development, networking opportunities, a golf tournament, and other reunion activities. This year we will meet in San Antonio at the Marriott Airport on Friday and Saturday, 16-17 October. Registration, first reception, and some specialty-specific events will be on Thursday, 15 October.

Jonathan Letterman

The Letterman Plan: From Battlefield Blueprint to Emergency Medical Care

An exciting documentary is in the works from Letterman Legacy LLC through Victory Village (vvvets.org), a non-profit veteran community organization that will highlight the story of Surgeon Jonathan Letterman in the American Civil War.

Considered the Father of Modern Battlefield Medicine and Emergency Medical Services, little is known about Letterman except by a few within military medicine. Letterman's legacy goes far beyond the Civil War. Most people today see his influence every day but do not realize it. This story aims to change that.
