

**AMERICA'S ARMY:**

Army Medicine is Army Strong!

# “Pride in the Patch”

**Fort Wainwright Silver Caduceus Society (SCS)**

**COL Eli Lozano**

**Commander, U.S. Army Medical Activity—Alaska  
(MEDDAC-AK)**

**LTC Summer Moore**

**Deputy Commander for Administration, MEDDAC-AK**

**MAJ (P) Craig Thompson**

**Chief of Logistics, MEDDAC-AK**

**MAJ Aida Echevarria**

**Chief of Human Resources, MEDDAC-AK**

**MAJ Taylor Whitten**

**Chief of Resource Management, MEDDAC-AK**

**1LT Gage Newby**

**Chief of Patient Administration, MEDDAC-AK**

On 10DEC21, COL Eli Lozano, senior Medical Service Corps (MSC) officer on Fort Wainwright and Commander of MEDDAC-AK, hosted the inaugural SCS meeting for the installation. The formal portion of the leadership development and networking event consisted of Area of Concentration (AOC) briefs delivered by MEDDAC-AK MSC leaders: LTC Summer Moore (70A), MAJ Taylor Whitten (70C), 1LT Gage Newby (70E), MAJ Aida Echevarria (70F), and MAJ (P) Craig Thompson. With an audience mainly comprising of pre-command 70Bs, presenters highlighted the numerous Long Term Health Education Training (LTHET) options, rewarding experiences, and impact to the Military Health System (MHS) associated with each unique AOC. Following the presentations, the attendees enjoyed catered appetizers, sponsored by the Silver Caduceus Association (SCA), and continued conversations key to mentorship and decimating the communication barriers between MSCs serving in at the MEDDAC and those assigned to combatant command units on Fort Wainwright. COL Lozano and the MEDDAC-AK team will continue to host at least quarterly SCS events to foster camaraderie and leader development across the installation.
